Community Psychiatry Workforce Expansion

June 8, 2026

Current Focus of Leadership Team

- Performance and Observation Measure Development (see Internal Evaluation presentation)
- Visit Count and Unique Patient Metric
 - For LMHA's not all patient activity captured in MBOW
 - Resident turnover may lead to newly rotated residents being captured in MBOW
 - HRI's share LMHAs thus difficult to disaggregate their activity
 - Working with HHSC and local LMHA to develop a new process as current system may lead to undercount
- HRI to report on the status of their rotations for the July 2026- June 2027 academic year.
