TCMHCC Resource Sharing Policy

TCMHCC Executive Committee Meeting

June 8, 2026

Policy Outline

This policy establishes guidelines for sharing resources with providers and parents through the centralized database used by TCHATT, CPAN and PeriPAN teams.

The policy covers:

- Platforms for sharing resources
- The process for adding and vetting resources added to the centralized database
- The verification process to follow when sharing a resource externally with a provider or family
- Expected timelines for sharing resources

Key Changes Since Last Meeting

- Updated disclaimer language on the CPAN PeriPAN resource sharing template for unverified resources to clarify that resources were initially reviewed, but not all office details could be verified.
- Clarified that resource sharing templates must be shared with the requesting provider of family securely, complying with HIPAA requirements.

Timeline
